VOL. XLIII — SONOMA, SONOMA COUNTY, CAL., MAY 21, 1921 — NO 38.

Trustees See Need of New High School Building

WILL LAUNCH CAMPAIGN TO VOTE BONDS. CLASS ROOM SPACE A CRYING NEED AND HEATING AND SANITATION SHOULD BE MODERNIZED. ESTIMATED COST OF NEW STRUCTURE ABOUT $75,000

After a long session and a most thorough discussion of the present condition of the Sonoma Valley High School plant the Board of Trustees by unanimous vote decided that a new high school building was most urgent and that an immediate campaign to vote bonds be initiated.

The following points were brought out in the discussion:

This high school district is wealthier than the average high school district, there being $3,500,000 of assessed valuation within the district.

There are 330 high schools in the state and of this number, this school has a larger enrollment than at least 119 of them; yet its main school building is in a worse condition for efficient service than most of the high school plants in the State.

Everywhere within the State, where school plants have proven small or inadequate, bonds are being voted or have been voted, in order to maintain efficient schools. To the knowledge of the Board, in only one instance has a school bond election failed to carry this year. Napa, our neighbor voted $600,000 for schools just a week ago.

It was declared that the Sonoma Valley High School to function properly, should maintain the following courses of study:

1. A Homemaking course for girls.
2. A thoroughly efficient and practical agricultural course for boys.
3. A business course better and broader than is offered in the average business college.
4. Courses which are preparatory to the career of teaching in the elementary schools and nursing.
5. A course preparatory to the professions offered by the University.
6. Character and citizen building subjects for all of the above courses.

In discussing the necessity of the new High School building, Prof. L. H. Golton emphasized the following facts.

"This Valley has the wealth and population to justify such a course of study and the school has under very difficult conditions been aiming to approximate this aim. The University Examiner of Schools referred to the Sonoma Valley boys and girls as of a superior type of pupil. If such is the case they are deserving of the same opportunity for efficient work in their school as other communities of the same wealth and population.

To maintain the subjects now being taught in the high school with the aims as expressed above, more class room space is urgently needed and more adequate laboratories.

There are three buildings on the school grounds which are being used for instructional purposes. The Domestic Science is fitted up to teach that subject only and properly so. The Manual Training building was planned to teach farm mechanics and is not suitable for any other type of instruction. Neither building have any class rooms, necessary blackboard space or other facilities which a class room must have. The main building contains two class rooms on the first floor to seat 20 pupils each as a maximum; it also contains the study hall where the library is placed. The upper floor contains a lecture room for science, a very inadequate laboratory, a girl's dressing room for physical education and the commercial and typing rooms. Of all these rooms the only ones which can be used as class rooms are the commercial room and the science lecture room and why each of them are utterly unsatisfactory for the regular class room work was pointed out at the recent meeting. There are being maintained at present nine classes which are too large for the two regular class rooms on the first floor.

The other defects of the present main building are more apparent to the public. The wretched heating system, with its twelve wood stoves, the poor ventilation, the lack of hoods in the laboratory for poisonous fumes, the defective plumbing, the crumbling condition of the walls, without and within The appearance of the plant is such as to provoke the ridicule of visitors.

To build at this time an adequate main building, such as should take care of this valley's high school education for a long time would require a bond issue which would increase the district tax rate 25 cents on the $100 for the first year, and less each succeeding year. The increased dividends in superior service and the effect on the outsider seeking to settle here should easily cover the increased tax rate of 25 cents. It is a sound investment."

A tentative plan of a beautiful building in mission style has been sketched by the famous architect, Weeks, of San Francisco, and has been on exhibition in Simmons' window.

Famous Chef for Caliente

Mr. Corcoran of the Agua Caliente Springs hotel has engaged a famous chef, recently with Byron Springs, who will have charge of the kitchen at Caliente this season.

Assemblyman Geo. Wickham of Los Angeles, son of the late R. Q. Wickham of Eldridge, has been named Assistant United States Land Commissioner at Washington by President Harding.

HIGHWAY COMMISSIONERS INSPECTED VALLEY ROUTES

Went Over Roads on Both Sides of Sonoma Valley and Will Make Decision After Survey of Glen Ellen Route Is Completed.

The State Highway Commissioners, Messrs. Darlington, Whitmore and Mansfield, were here Thursday and with Engineers Fletcher and Clark went over the two routes, the choice of which is offered by the people of Sonoma valley for the building of the highway between Schellville and Santa Rosa. After inspecting both sides of the valley, the commission announced that a survey would be made on the west side and in about forty-five days they would have sufficient data on both routes to make a decision. The civic organizations in Sonoma valley are pledged to accept this decision as final and to cooperate in every way from that time on to put the road through.

The commissioners were met, upon their arrival here, by a delegation from the Santa Rosa Chamber of Commerce and committees from various Sonoma valley organizations, the Cooperative Commercial Clubs of the springs section appearing with decorated cars bearing the placard, "Good Roads Now!"

Upon suggestion of J. K. Bigelow the visitors went to the city hall, where Bigelow urged the building of th highway on the Glen Ellen side of the valley. He stated that all rights of way there would be given free and had already been secured. One objection to the springs route, Bigelow declared, was the fact that summer people used the road for a sidewalk and it would be dangerous for motorists to travel the highway there.

Mr. McNamara replied, stating that as to rights of way the supervisors agreed to provide them, no matter which route was chosen.

Commissioner Darlington terminated the impromptu meeting hastily, but declared the commission would make a decision promptly after all the data was available.

The party then drove over both routes, later going to Santa Rosa, where the commission was entertained at lunch. They announced that the Rincon valley road into Santa Rosa had been definitely decided upon and that the routes from Kenwood to Schellville will be carefully considered and a choice made in about siv weeks.

Serious Illness of "Dal" Emparan, Deputy County Assessor

"Dal" Emparan, deputy county assessor, is seriously ill and the middle of this week his condition became so alarming that he will be taken to San Francisco, where a powerful X-ray will be used to determine the extent of acute stomach and intestinal trouble. Dr. Thomson will accompany him to San Francisco.

"Dal" is one of Sonoma's popular young men and a prominent Elk. His many friends are much concerned over his illness and hope for good news and for his speedy recovery.

Consolidation of Districts Urged

The consolidation of school districts at Glen Ellen and Kenwood was urged at a well attended meeting last night, arranged by County Superintendent Ballard and addressed by Prof. Schultzberg of Stanford University.

The districts of El Verano and Watmaugh also had a meeting yesterday to talk over the advantges of consolidation.

Mrs. Leon Roos and Mrs. Heinemann, sisters-in-law of Mrs. Maurice Schweitzer, have been enjoying a visit at the Schweitzer ranch.

TALENTED PUPILS GIVE FINE ENTERTAINMENT

Grammar School Again Scores Big Success With Exceptional Program and Musical Comedy.

The Sonoma Grammar School gave another highly successful entertainment last week, scoring a hit both nights with a clever program, the piece de resistance of which was "The Pioneer's Papoose," a colorful and tuneful comic operetta.

Part One.

After an overture by the orchestra Adrianna Montgomery recited the always popular "Little Orphan Annie." The little miss, in dainty white frock, was quite at home on the stage and gave the poem beautifully.

The grammar school orchestra was next presented, and under the leadership of the instructor, Rev. Mr. Burchett, rendered national and operatic selections in a manner which surprised the entire audience. Considering the short time they have been receiving instruction and the ages of the young musicians their showing was remarkable. Members of the orchestra are Ella Fox, violin, Cecil Hunter, piano, Rene Ronquette, violin, Maxwell Johnson, cornet, Wm. Rambo, violin, Victor Ehrlebach, violin, Leland Adler, drums.

A Group of Indian Braves and Maidens

The Russian dance, put on under the direction of Miss Tamara Lawb, direct from the Royal Ballet School of Petregrad, was beautifully executed by Gene Tate and Leland Clerici in Russian costumes. Gene's brilliant coloring and pretty features were brought out strikingly by her effective costume. Master Clerici was a picture in his red Cossack costume, and with his graceful partner danced with eclat and rhythm.

Misses Ella Fox and Beatrice Boyd proved that the Sonoma Grammar Schol has some very promising young artists. Miss Fox, violinist, showed the advantage of good tutoring, in addition to a natural talent for phrasing and good tone production. Miss Boyd accompanied with intelligent interpretation of the melodious "Flower Song."

The Norwegian folk dance, another Lawb production, was costumed in the national dress and put on by Misses Viola Cantoni, Jane Eberhard and Alice Small, the girls of old Norway, and Elvira Bianchinni, Annie Cook and Countess Prestwood as the Norwegian lads. The dance was intricate and showed careful training.

Misses Florence Murphy and Minnie Cook had every reason to be proud of their pupils in the flag drill, one of the most beautifully carried out drills in recent years. Eleven pretty little girls, costumed in white and carrying Old Glory, went through many graceful maneuvers without a single flaw.

Part Two.

"The Pioneer's Papoose" was staged in a setting of natural trees and shrubs from the hills and in the background was a beautiful painted scene of Yosemite, with its waterfalls and cliffs. On either side of the stage was hung Indian rugs and woven baskets to give just the proper atmosphere to the Carrington opera.

The first scene disclosed the Tomahawk Indian tribe having a powwow over war with the rival tribe of Arrowheads. The Indian costuming was handsome, the costumes having all been made to conform to the true tradition of the red braves and Indian maidens. The dress of feathers, colored bands and beads, made the group most striking, and the Medicine Man's grotesque make-up evoked the greatest laughter. Victor Ehrlebach, as Chief Tomahawk, acted and sang splendidly. His singing of "Brave Old Tomahawk," with chorus of Indian braves, was heartily applauded. Miss Lucile Serini, as Waltzie, the Pioneers's daughter, looked pretty as a mountaineer girl and sang delightfully with a fresh, clear soprano of great sweetness. Her waltz song, "Mine Are the Rocks and Mountains," was a very melodious number. Hazel McCosker (Moonfair) rendered the lullaby song, "Little Papoose," very sweetly and made an excellent stage appearance. Miss Vesta Prestwood (Lillamush), made beautiful by the magic of the Medicine Man, was truly fair and acted her part with grace and understanding. One of her songs was the "Forest Mirror."

Prince Whiteface was a leading role played well by Stanley McGill, who made a handsome Indian in his warrior's costume.

Herman Haynes, the Medicine is a born comedian and has all the makings of a Frank Daniels or Ferris Hartman. He imbued his part with lots of verve and acting seemed to come as natural to him as eating. "Justt As Old or Young As You Feel" and "The Medicine Man" were two of his good songs.

Radford Keifer was a striking figure as the Pioneer. Starshine, played by Grace Barr, and Bowbright, acted by Albina Nardini, made up the other principals in the cast, whose entire numbers were thirty-two, including Chorus of Indian Maidens — Jennie Downey, Zada Stillings, Anita Murray, Mae Bianchinni, Louise Barrachchi, Frances Murphy, Alice Pellissier, Louise Larsen, Mary Kiser, Elizabeth Lewis, (Evelyn Peterson; dancers—Jane Eberhard, Countess Prestwood; chorus of Indian braves—Peter Kiser, Everett Murphy, Mike Kiser, Norman Heggie, Cecil Hunter, Gilio Beneditti, Paul Robin, Fred Larsen, Allan Bean, Walter Carter, Frank McDowell, messenger.

A beautiful lot of Indian relics, rugs and baskets, including the $500 collection of Mrs. E. T. Casson, among the latter a real papoose basket, was loaned to the grammar school to make the 1921 operetta a success. That the production was a success, and a grand one, was attested by the enthusiasm of the crowded houses which greeted the talented performers both Friday and Saturday nights.

Enthuse Over Our Valley

Mr. and Mrs. E. F. Kreiss and Mr. and Mrs. Wm. C. Wilson, of Glen Ellen, were surprised Sunday morning by a large crowd of their San Francisco friends, who motored up to spend the day in the Valley of the Moon. It took three machines to accommodate the crowd, who, after partaking of a picnic dinner, enjoyed a trip to the ruins of the London "Castle" and up the Jack London trail. The visitors, some of whom were from Nevada, were deeply impressed with the beauty of the country and left as hearty boosters for Sonoma county. Those who made the trip were Mr. and Mrs. William Convey, Miss Sarah Convey, William Convey Jr., Henry Kaucher, Mr. and Mrs. Ralph Barberry and daughter Regina, Mr. and Mrs. Thomas Osburn, of Tonopah, Nevada, and Ray Morris.

Fight Between Highway Workers Leads to Arrest

Frank Borel, foreman on the Vineburg stretch of county highway, was arrested Thursday and charged with assault with a deadly weapon, to-wit: a Stilson wrench. Borel is alleged to have struck J. E. Teck, a road employee, who swore to the complaint. Borel' bail was fixed at $100.

PALACE GARAGE IN GRIFFITH BLOCK JUNE 1

Sonoma's Handsome New Structure To Open Doors for Business the First of Month.

Steve Griffith and his partner, Pete Boccoli Jr. will move into the Griffith block very shortly and on June 1st will throw open the doors of the handsome new garage, "The Palace," to the motoring public.

Contractor Riley is putting the finishing touches on the big concrete structure, which was erected through the enterprise of Al Griffith, who purchased the old livery stable corner some months and decided to build a garage on it for his son Steve and his partner. No expense has been spared to make it the most substantial and modern building of its kind in Northern California.

It is modernly equipped throughout and the 4x40 foot pit will take care of much repairing. There are to be two gas stations, one on the Napa street entrance and the other on First street west, so that patrons will have no waiting for "the other fellow" to get out of the way. Cars will drive in one way and out the other. There are five large double doors in the garage. Lighting comes from skylights and many side windows. The electric lights are of the conduit system of lighting.

There are up-to-date rest and dressing rooms, all finished in white.

Upstairs there will be sleeping quarters and accommodations for employees.

Contractor Riley has put the building up in about 60 days' time and is proud of it. Mr. Riley is the contractor who erected the handsome First National Bank building in Sebastopol and is a capable and painstaking man.

GLEN ELLEN MAN DIES OF GUNSHOT WOUND

E. W. Gerberding Goes Hunting and Is Later Found Dead.

E. W. Gerberding, who was staying on his brothers ranch near Warfield station, Glen Ellen, met a tragic death this week when the shotgun with which he was hunting rabbits was accidentally discharged, inflicting a fatal wound in the stomach. He told his brother he was going to hunt rabbits, which had been eating down kale on the place, and started off as he had on former occasions for the hunt. He did not return at noon, and later, when search was instituted for him, his lifeless body was discovered.

Gerberding had been in ill health for some time past and was thinking of going to Florida. The circumstances of his sudden death were investigated by Coroner Phillips, but the jury brought in a verdict of "accidental death while hunting," the theory being that he slipped and fell, the shotgun being accidentally discharged as he tried to regain his feet.

The deceased was 60 years of age and has a wife, who is visiting in the East.

RACING CLUB BANQUETED AT "PLAZA" RESTAURANT

Organization Perfected and Announcement Made That Mrs. Schweitzer Will Have Track Built for Boys by July 4th.

The banquet room at the Plaza restaurant was the scene of a big spread last Friday night, the occasion being the organization of the West End Racing Club. Fine & Ross arraiged a fine spaghetti feast for the owners and riders of some of Sonoma valley's classy horses and their friends. The tables wer set T-shape and decorated in roses. In compliment to the company, a fine picture of the famous "Bubbling Water" graced the wall. The menu was an excellent one, starting off with combination and shrimp salad and concluding with brick ice cream in two colors and strawberry cake. At the conclusion of the party a vote of thanks was given Mrs. Lolita Schweitzer, whose generosity and encouragement in the reviving of the racing game here made possible the banquet. It was announced by Tom Ryan, superintendent of the Schweitzer ranch, that Mrs. Schweitzer had offered to build a race track on her ranch for the club and that surveyors would be at once engaged to lay off the half-mile oval. It is planned to have the track ready by July 4th.

Walter Heinemann, famous polo player and brother of Mrs. Schweitzer, will be on the program.

The banquet concluded with music and entertainment furnished by Casey Jones, Razor Pete and an accordion artist.

BURGLARS ENTER TWO SONOMA STORES

Some Time Early Sunday Morning Thieves Break In and Get Loot.

Early Sunday morning burglars broke into the store of H. F. Bates and into the De Lux pool room. Undetected they helped themeslves to silk shirts, shoes, suits of clothes and other haberdashery, later regaling themselves yith good cigars, soft drinks, etc., in the pool parlor.

Entrance was effected by boring through the rear window sashes and turning the locks.

Officer Joe Ryan was put on the trail immediately upon the discovery of the robberies and has been following several clues. A party of sailors who went through town that night were sweated, but threw no light on the robbery.

Last year, following the theft of valuable goods from the Bates store and other stores in the block, Deputy Sheriff Ryan captured the thieves at Vallejo and found the goods on them. All the loot was returned to the store keepers. The robbers, Slattor and Conners, were tried and sentenced to fifteen years in the penitentiary.

Joseph and Catherine, the Guilfoyle twins, celebrated their sixth birthday recently with a pleasant little party at Schellville.

Entered at the post-office at Sonoma, California, as second-class matter

Sonoma, California, May 21, 1921

WHEN the county was scrapping over the regime of County Engineer Aldrich it was not thought possible that so much of the senseless and expensive equipment he purchased would have to be ultimately scrapped. The buying of a miniature railroad by him was one little toy he dangled before the eyes of the public clamoring for auto roads, not railroads. The little railroad is to be sold to the highest bidder the last of this month. The salvage money will go into roads—may be. Sonoma county had expensive tasts when it went in for its first county engineer, but it didn't take long for some dependable leaders to find out the people's mistake. We thought we were paying for brains, but the results showed solid ivory of an expensive sort, wherefore the supervisors now drag out their little $30,000 tin engine and cars for an auctioneer to peddle.

—o—

IT WAS pointed out by a speaker at the recent booster banquet that Los Angeles regarded itself as the hub of a wheel with all the spokes therefrom finely paved smooth roads. Perhaps the highway commissioners, imbued with the spirit of the San Francisco booster project may see Marin and Sonoma counties in the light of important spokes of the hub city, San Francisco, and get busy on polishing them up. The traveling public certainly regards these beautiful counties as important leaders and are clamoring to get here. With the building of another boat by the Richmond-San Rafael Ferry Company and the assurance of electrically propelled steamers via the Golden Gate ferry it is apparent that the influx of motorists will have to be taken care of.

—o—

ONE of the big things essential to the growth of Northern California is the elimination of petty jealousies between big communities and the scrapping of "small town stuff" as soon as it arises. The Hunter's Point-Alameda controversy did us no good and the persistence of Vallejo in knifing Alameda because it has been selected as the naval base city weakens the case of the Pacific Coast in the East and delays the progress in which all of California would share. Boost is an empty word until this sort of thing is not only soft pedaled but parked so far out of all our calculations that it wil eventually atrophy and disappear.

—o—

IT WAS a pretty nice feeling to know that we had our contract for street paving let when the Highway Commission announced its coming this week. The old adage of setting one's house in order before urging others to do so was quite applicable here. With Sonoma's streets completed and extending to the city limits our right to get somewhere is apparent. Otherwise we will be in the predicament of the individual who was all dressed up and had no place to go. Civic pride, however, never fails to command attention and respect. Sonoma's future is assured.

—o—

A UNIQUE defense is put forward by a woman Bluebeard. She says she was a typhoid carrier. Funny how all her husbands were life insurance carriers.

—o—

PERHAPS the strange lights attributed to the aurora borealis is the camouflaged effects staged by legislators to reflect their recent brilliancy.

—o—

NATURALLY, "long hairs" don't have to drink hair tonic in lieu of liquor, but how about the rest of us?

—o—

THE prohis are letting them advertise wine of pepsin. Why not cut the sin?

Old Glory is now on the Seven Seas

Ship and Sail under the Stars and Stripes to all parts of the world

YOU can now travel, or ship your goods, to any part of the world on American owned and American operated ships, flying the American Flag. American ships are modern, scientifically designed and constructed, new ships built for satisfactory service.

American ships will carry you in comfort to South America, England, Europe, the Mediterranean and the Far East. And the further from home you go, the more of a thrill you'll have to see the Stars and Stripes floating above your head.

President Harding says:

"We know full well we cannot sell where we do not buy and we cannot sell successfully *where we do not carry.*"

GOLDEN GATE FERRY CO. HAD FINE NIGHT

Entertained Big Crowd at Boyes Springs Last Friday Night. Secure All Rights of Way.

The Golden Gate Ferry Company people "know how." They invited all their friends and acquaintances to Boyes Springs theatre Friday, the 13th, and it was a lucky night for those who were fortunate enough to be present. President Harry Speas of the company was presented by Attorney Thos. P. Boyd of San Rafael and delivered a splendid talk on promotion work. He was enthusiastically received and certainly imbued his audience with the right spirit. The inimitable Chas. Leonard of the company entertained in his usual clever manner and there was a "movie" and dancing to the Wilson orchestra.

In conclusion the promoters of the new transportation system across the Golden Gate served appetizing refreshments, for they konw that you can't boost on an empty stomach any more than you can build ferries and make them a success without the money and the backing of interested communities.

Mr. Leonard was here Wednesday and gave out the statement that the supervisors of San Francisco had by ananimous vote Monday granted the franchise for the Golden Gate ferry and the company is now in possession of a permanent right of way over the foot of Laguna street, the question that arose some time back having been settled for all time to come.

The Golden Gate Ferry Company has been making splendid progress in the sale of stock throughout Sonoma county and everyone is keenly interested in its success.

The Joe Kiser, R. L. Watts and Harold Pauli families were among those who enjoyed Charles Chaplin's "The Kid" at Napa recently.

Mrs. Frances Klein had a house warming at her pretty bungalow in Boyes Springs last Saturday night. A congenial company of friends gathered for the affair and were most hospitably entertained. There was music, dancing and a fine repast of fried chicken and all that goes with a real supper.

Miss Mabel Nonella of San Francisco, one of the twin sisters, has been up to El Verano visiting her folks.

James Kearney, of the Sonoma Valley Lumber Company, was in San Francisco Sunday last.

Mr. and Mrs. John Brendel, who own the Turner ranch at Schellville, where Mr and Mrs. F. Ring formerly resided, were up looking over their property last Sunday.

The Misses Kearney motored to Napa recently and attended the Hippodrome, having as their guests Mrs. Erhardt Steiger and daughter Evelyn.

SONOMA APPLE CROP TO BE ABOUT 60 PER CENT THIS YEAR

The apple crop in Sonoma valley this year will be about 60 per cent of normal, so President George Cassidy of the Apple Growers' Association predicts. The cold weather and winds at blossoming time caused the shortage, as the blooms which were so profuse did not form into the bounteous crop of fruit at first predicted. The pear crop this year is also light. Mr. Cassidy thinks the shortage is state wide and believes it will have a good effect on the market and that prices will be excellent. The canneries can now take care of the amount of fruit which will be available, and generally conditions are better than if a bumper crop was expected.

Sonoma valley's apple crop is undoubtedly its best crop this year, as grapes were hit hard by the frost and the yield will be very light.

BIGELOW-BLAKEMAN SUIT DECIDED

Each side is to pay its own costs of suit, and each is declared to have an undetermined portion of the riparian rights of a stream running through their lands, according to the findings of fact and conclusions of law signed Monday by Judge Emmet Seawell in the Superior Court suit of Guy J. K. Bigelow, Lisle Bousfield and Olive A. Cabaniss against T. Z. Blakeman and G. Merz.

The action arises from alleged diversion of a portion of the water from the stream by the defendants, but Judge Seawell specifically states in his judgment that all are entitled to the use of the water under riparian rights, but the amount allowable for each is left open for future decision, since the testimony offered when the trial was held, June 15, 1920, did not make it apparent what an equitable division would be.

"MARY"

OnWednesday night, May 25th, the Geo. M. Cohan comedians will have their local premier at the Cline theater, Santa Rosa, in the musical comedy sensation of the year, "Mary" (isn't it a grand old name?).

The book and lyric are by Otto Harbach and Frank Mandel and the music by Lou Hirsch. The story of the play has for its pivotal theme the adventures of Jack Keene, an attractive young American, who joyously starts out to solve the problem of the high cost of living. Monsieur Marceau, a French inventor, interests him in the plans of a portable detachable house, and Jack finds a way to construct these dwellings cheaply and thus outwit the rent profiteer, while Mary, the social secretary of Jack's fashionable mother, and daughter of the president of a Kansas college, is largely instrumental in perfecting these plans. Among the clever song numbers with which the production is studded are "The Love Nest," "That May Have Satisfied Grandma," "Down on that Old Kansas Farm," "Anything You Want, Dear," "Mary," "Any Time I Meet a Lady," "When a Woman Exits Laughing," "Don't Fall Until You've Seen Them All," "It's a Widow for Mine," and many others. Seat sale Saturday, May 21. Prices 50 cents to $2.50.

AMERICAN LEGION BOYS OF LOCAL POST TO ENTERTAIN

Valley of the Moon Post No. 120 to Entertain Visiting Posts for Bi-County Committee Meeting.

A bi-county committee meeting of the American Legion will be held at the Woman's club house Wednesday night at 8 o'clock. It is the first meeting of this kind to be held in Sonoma and the local Valley of the Moon Post No. 120 plans to entertain the visiting posts from Santa Rosa, Petaluma, Sebastopol, San Rafael and other places. All ex-service men and all mothers, sisters or wives of ex-service men or Legion members are cordially invited and are urged to attend, as the Woman's Auxiliary of the visiting posts are to be present. There will be dancing to music furnished by "The Syncopated Four," and refreshments.

A dinner was given Harry Burmester Tuesday evening in honor of his eighteenth birthday. The young man graduates this year from high school and expects to attend the University of California.

UNIVERSITY OF CALIFORNIA STADIUM WITH 75,000 SEATS TO BE LARGEST IN WORLD

Plans for the financing and building of a stadium at Berkeley seating 75,000 persons, the largest in the world, in time for the football season of 1922, announced by the State University Stadium Executive Committee, will, when accomplished, give the people of California as a whole their first opportunity to see California athletes in championship contests. Hitherto, the limited seating capacity of the stands has made necessary the restriction of sale of California-Stanford "big game" tickets to students and alumni of the two institutions.

Once the stadium has been paid for the committee announces the structure will provide a fair-sized revenue that will be diverted to the purchase of athletic equipment, to the building of tennis courts and handball courts, and in fact to any purpose that will enable the largest possible number of students to take part in healthful recreation.

Carried through as a state-wide project a brief subscription campaign to raise funds for the building of the stadium will be staged next fall, according to present plans. Subscriptions of $100 will entitle holders to two seats at the "big game" for the first five years without further charge. For the second five years holders will be entitled to an option to buy two seats at the then prevailing rates. Popular subscription is expected to raise the entire sum of $800.000 estimated as the cost of the stadium.

SONOMA BUSINESS MEN'S ASSN. ELECTS OFFICERS

Organization Starts on Second Year and Plans to Continue Good Work.

The Sonoma Business Men's Association held its second annual meeting last Monday night and elected the following officers for the ensuing year:

President, Wm. F. Clewe.
Vice-President, Edwin Lindley.
Secretary-Treasurer, Chas. La Torres.

Directors—Messrs. Bancroft, R. Hotz, W. Murphy, M. Kaplan and E. T. Casson.

A membership committee and a business improving committee were named.

The Business Men's Asssociation has just completed its first year as an organization and during that time has promoted cooperation among local business people and has to its credit the successful drive whereby a $3800 fire engine was purchased and presented to the city of Sonoma.

With the completion of the paved streets in our city, the Sonoma Business Men will actively campaign for more business, and the slogan, "Buy it in Sonoma", will be popularized.

Native Sons Dance at Glen Ellen Tonight

Tonight the Native Sons of Glen Ellen Parlor will give a dance at Panerazi's auditorium. A fine time, to include a ravioli supper, served by Julius Pancrazi and wife, is promised all who attend. The ticket sale has been very promising and a big crowd is expected.

NEW STEAMER OF RICHMOND-SAN RAFAEL FERRY LAUNCHED

With the launching the first of the week of the steamer City of Richmond another automobile ferry boat will be added to the service maintained on San Francisco bay. The new craft, which is being constructed for the Richmond-San Rafael Ferry and Transportation Company by the Robertson shipyards in Alameda was scheduled to take the water at 7 o'clock. It will be put on the run between Richmond and Point San Quentin late this month and is sufficiently large, operating in conjunction with the company's other boat, to relieve the congestion which last season, on Sundays and holidays, blocked the gangways for hours.

An appropriate ceremony immediately preceding the launching had been arranged for by the Richmond Chamber of Commerce and east bay boosters. Miss Helen Gill, the attractive daughter of Secretary H. T. Gill, christened the steamer with a bottle of California champagne.

The new steamer, while following the general design of the company's other boat, the Charles Van Damme, contains many noved features which mark it as a big improvement over the older craft. It is 200 feet in length and 60 feet wide and will carry 65 machines when fully loaded. By the use of both boats when the occasion demands it, a big improvement in the service will be accomplished. It is the plan to give more frequent service and to run later in the night.

The City of Richmond shows many improvements in ferry boat design. By the installation of the rest rooms, loanging and smoking rooms, dining room, etc., on the upper deck, the lower has been cleared to provide for two full rows of cars on either side of the boat, and in addition four short rows up to the paddle wheel boxes, with the outside deck room, provides for 65 cars. The passenger cabins were designed and will be furnished to provide the greatest comfort for those who care to leave their machines while en route.

The work of putting the finishing touches on the steamer will be rushed and a trial trip will be held about the 25th of the month. It will go into service on the 28th.

Chas. McDevitt came down from Summit this week for a short visit with his family here.

SIXTEEN HENS BAT 300 IN EGG-LAYING LEAGUE

Sixteen hens in the United States, all of them white, have laid over 300 eggs in a year, thus entering the select class in the egg-laying league, according to H. M. Butterfield, poultry statistician of the College of Agriculture.

Oregon has three top-notchers, one laying 330 eggs in 365 days, and two others 323 eggs, he says. Across the continent at Storrs, Connecticut, a White Wyandotte laid 308 eggs, while a White Plymouth Rock and a White Leghorn were good for over 300 eggs at Vineland, New Jersey.

"A flock of hens averaging eleven dozen eggsand netting 75 each above cost of feed would net over $1 each by raising the flock average just one dozen. A raise of three dozen would probably net over $1.50 above cost of feed. Such a raise is entirely possible for the average California poultary keeper, when proper attention is given to care and management of the flock," Mr. Butterfield states, continuing. "The College of Agriculture of the University of California is working to improve the general flock average in the state, and toward this end is encouraging the keeping of records. Suggestions for feeding, care and management of the egg-laying contests at Santa Cruz, and at Petaluma, as well as for poultry keepers of the state, are being offered by the poultry division. The agricultural extension division has a poultry specialist devoting his whole time to this work. County farm advisors are also helping a great deal. A correspondence course on poultry husbandry is available for any resident of the state. It is hoped that no person seeking information on poultry will fail to make the most of these services now being offered by the State University College of Agriculture.

Mr. and Mrs. Ernest Campbell, who went to Arizona to engage in cotton growing, are said to be discouraged at the outlook of the cotton market and may return to California.

Grape Buyers Contract for Many Tons at $50 and $60

Conforti and Laurenzi have been contracting for grapes in the Modesto section for from $50 to $60 per ton. The buyers expect to tie up about 25,000 tons this week. It is problematical, declare the firm, whether they will ship the fresh grapes to the eastern market, as they did last year, or dry them. The crop in Sonoma valley was not damaged by the frost half as severely as around Calistoga and St. Helena, so the buyers say, after looking over many vineyards in Napa county.

Sudden Death at Boyes

Ernest Jacobson died suddenly last Sunday aftrenoon at his country home near the Boyes Springs bath house. He had a weak heart, following amputation of a limb some years ago.

Deceased is survived by a widow, Emma Jacobson, and a daughter. He was a native of Hamburg, Germany.

PROHIBITION ENFORCEMENT OFFICERS SPOIL PARTY

Following a general good time and dance which was given to celebrate the opening of the Hotel Chauvet, prohibition enforcement officers appeared on the scene early last Sunday morning and raided the place. Chas. Foley, proprietor, was charged with violating the law relative to having liquors on the premises.

Renewed life and power for any make of battery

Your battery's performance depends upon the attention it receives. Westinghouse Attention is administered to prevent trouble and to correct trouble. The former is the wiser and the cheaper. Here your battery can be opened before your eyes, costs calculated and work begun. Time, trouble and dollars are saved. Drive into this Westinghouse Service Station twice a month. This attention puts you under no obligation.

Ford
THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3½-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

VINEBURG NEWS

The weather of the present week
It sure gives me a pain
Because it wishes for to begin
But still it will not rain.

Work on the highway is now in full swing and quite a number of hands are spreading concrete.

Mr. Hyde Lewis of San Francisco accompanied by his sister Mrs. Wm. Tucker of Aberdeen, Ore., both grand children of the late Wm. H. Hyde, are guests of Mr. and Mrs. Henry Hyde at the old homestead.

Misses Adele Andrieux and Emily Batto were visitors to the metropolis last Thursday.

Louis Rouquie was the guest of his family last Sunday.

Mr. C. Monson of San Francisco was the guest of his brother, I. Monson in North Vineburg this week.

Mr. and Mrs. Fred Batto motored to Petaluma and Santa Rosa last Wednesday.

Jim Small dolled up in a new neck tie on Sunday and Grove Rubke, Bill Dunn, Fred Bonner and Frank Allen had to laugh of course.

Miss May Bosch was the week end guest of her parents and returned to the metropolis on Sunday with her sister, Mrs. Morris Levy.

August Figone and young son, Angelo of San Francisco are guests at the Batto residence.

Wm. Helberg, (Uncle Bill) as his host of friends call him, was called to the county seat Thursday on legal matters and motored up in his swell Cole Eight.

A large and delighted audience filled Martin's pavilion on Tuesday evening of last week when John Mohr presented "Burning Daylight" on the screen, from the story written by that bright and late lamented author, Jack London, the one man who made Sonoma's fair "Valley of the Moon" known throughout the English speaking world.

Ollie Oliver says she hears that there will be a "dark horse" in the coming election for Mayor of Vineburg ad that if he wins out she sees his finish in the boneyard in Petaluma. Ollie can say "awful mean things," believe me.

Mrs. Adam Gregrich has been visiting friends and relatives in San Francisco and down the Peninsula.

Ex-Supervisor Tom Hutchinson was in town Thursday to greet the State Highway Commissioners. Mr. Hutchinson is very optimistic over oil prospects on his ranch at Kenwood, where a drill is to be sunk shortly.

Ralph de Palma, before leaving for Indianapolis and France, told Manager H. E. Patterson of the Fresno County Chamber of Commerce that it is his ambition to induce fast drivers of autos in Europe to enter American contests, and that he will do his best to have several of them enter the Speedway race in Fresno next October. This means something for Sonoma county's speedway, too. The Speedway's building is progressiing rapidly. Motor over and see it.

R. H. Ring was in town Wednesday for a short stay. Mr. and Mrs. Ring who are now residing in Oakland recently returned from a stay of several weeks in the San Joaquin valley.

MRS. BRUNS ANSWERS IN DIVORCE ACTION

Mrs. Hattie E. Bruns of Haywards denies that there was ever anything improper in her relations with M. A. Bohlig, accused by her husband, George Bruns of El Verano, in a cross complaint to her action for divorce.

In answer to the husband's accusations, filed by Mrs. Bruns in the Superior Court, she denies in detail all of the allegations of improper conduct made by Bruns, and says that she and Bohlig are merely acquaintances and friends from living on adjoining properties. She also denies that Bohlig has a bad reputation and was accused of being pro-German, and that her reputation had suffered because she had been seen with him.

Bohlig, not long ago, had Bruns arrested for making alleged slanderous remarks about him, and shortly afterward Mrs. Bruns applied for a divorce.

"Pop" Hibbard Sues for Commission

A suit for $2100 commission for stock sold in Sonoma county and for $275 expense money was filed in the Superior court yesterday against the Golden Gate Ferry Company by M. J. Hibbard. Hibbard alleges that he was engaged by the company to sell stock in Sonoma county and was to receive a commission of 7 per cent of the par value of the stock and 7 per cent par value of the capital stock sold in Sonoma county.

The complaint alleges that no less than five other salesmen worked the county and told their purchasers that he would receive the commission. Through the advertising which he paid for to the extent of $275, the company sold 300 shares for $100 a share, from which a commission is due him of 7 per cent.

The company later notified him that his services were no longer required and refused to pay his commission or expense money, says the complaint.

W. E. Postel is the attorney for the plaintiff.—Press Democrat.

Dr. Lantz, field worker and assistant psychologist at the State Home, is etnertaining her parents from Sunnyside, Washington. The family have taken one of the Wickham cottages and will remain all summer.

Sonoma Boy Here From Phillipines

Deme A. Gordenker, who, after graduation from the University of California in 1901, went to the Phillipines, where he has since made his home, arrived from the islands last week, and is visiting at the home of his parents above Glen Ellen.

Gordenker has traveled widely since living in our island possessions and has engaged in many business enterprises there since giving up teaching. He was at one time provincial treasurer of one of the provinces and is now interested in sugar and cocoanut plantations. He is one of the prominent Americans of the Archipelago.

The visitor was here some years ago and this time will remain for several weeks at his boyhood home in Glen Ellen.

Dutil Is a Candidate

Eugene Dutil, formerly of El Verano, is in the Chronicle contest for a trip east to see the Dempsey-Carpentier fight. Dutil is one of San Francisco's handsome policemen. Save your coupons for him.

Addressed Farm Center

The Sonoma Farm Center held its regular meeting Wednesday night. The Center was addressed by Mrs. Herschell on the county library plan.

Read
your instruction book
It says—

Old oil should be drained from the crankcase at regular intervals and replaced with fresh oil.

This statement is made because engine operation causes road dust, carbon, fine metal particles and other impurities to accumulate in the crankcase oil. The gritty oil circulates through the engine, impairing its performance, and ultimately leads to rapid depreciation and repairs.

These careful instructions from the manufacturer are often disregarded; cleaning the crankcase is a job generally disliked.

To meet this need Modern Crankcase Cleaning Service has been established by first-class garages and other dealers co-operating with the Standard Oil Company. These garages and dealers use Calol Flushing Oil,—the scientific agent that cleans out old oil, dirt, grit and other impurities and does not impair the lubricating efficiency of fresh oil used. The cleaned crankcase is refilled with the proper grade of Zerolene.

Look for the garage or dealer displaying the sign shown below,—it means *"Better operation and longer engine life."*

PETER GORDENKER MAKES VALLEY OF MOON HIS HOME

Peter Gordenker, who went to school in Sonoma as a boy and afterwards engaged in the laundry business in San Francisco, has returned to make his home in the Valley of the Moon. Some time ago he purchased the Pieratt ranch at Glen Ellen and he has now moved onto the place and is making many improvements.

Sonoma Leads With Pear Crop

Will Helberg, representative of the Earl Fruit company in Sonoma and Napa counties, is satisfied, after looking over orchards in these sections, and also in Lake and Mendocino counties that Sonoma county orchards will yield the largest crop of Bartlett pears this season.

Mr. Helberg estimates the pear crop here as 60 per cent of normal, with Napa and Mendocino at 40 per cent and Lake at 10 per cent.

Prices for Bartletts this year will probably be about the same as last season.

Sonoma valley cherries are now being shipped from the orchards of Supervisor Lowell and J. H. Coops.

W. C. Wilson has resigned his position as bookkeeper at the Adler mill. Mr. Rickles of the Baxter tract has taken his place.

Ben Streeter is out and around again after an attack of the measles.

Referendum petitions to have the Wright prohibition enforcement bill voted upon by the people of California are now being circulated. This is the third time the people have voted on the question. Every time they voted down prohibition.

Charley Miller, famous in the boxing world and an all-around athlete, has been engaged as masseur for Caliente Springs this year.

Mr. and Mrs. Louis Massa (nee Florence Johnson) are the parents of a pretty 8-pound boy, born this week. Dr. Hays was in attendance.

Mr. and Mrs. Harry Paula and Mrs. Canevari went to Petaluma Sunday for the Pentecost celebration of the Portuguese society. Paula brothers presented a fine fat steer for the barbecue.

Mr. and Mrrs. Harry Lutgens of Sebastopol have gone to the Grand Canyon, Arizona, with the California Press Association.

Mr. and Mrs. I. B. Hayter were presented with their first baby, a fine little son, last Friday. Mother and babe are doing nicely. Mr. Hayter is the local agent of the Standard Oil Company.

E. G. (Brown) Lynch of Brushy Mountain, Mendocino county, came down to Sonoma Thursday on business, returning Friday to his mountain cattle range. Mrs. Lynch and little son are at the ranch and did not make the trip.

The Oakland Tribune, daily and Sunday, by mail, $9.75 with the Sonoma Index-Tribune. Sample copies on request.

BOY SCOUTS RENDER COMMUNITY SERVICE

The Boy Scouts of Sonoma showed that they believe in rendering community service, by arming themselves with implements and clearing a prominent Napa street lot of weeds. The lot was very unsightly and when the city trustees found they could get no redress by writing to the owners, the Scouts volunteered to cut the tall, unsightly thistles. Their Scoutmaster, Rev. Burchett, pointed out the value of civic interest to the future citizens and drew a strong story from the thistles which beset us in this life.

Poppe Appointed City Attorney for Sonoma

At a special meeting of the Sonoma City Trustees Wednesday evening, Attorney Robert A. Poppe was appointed City Attorney. The town has been without a legal adviser for a long time, but with important business pending relative to the street work it was deemed advisable to get good legal advice.

Mayor Dal Poggetto was empowered to formally enter into and sign a contract with Gorrill Brothers for the paving of Sonoma's streets.

Wilson Orchestra to Be Augmented

Manny Marks of the dance academy, Pergola, San Francisco, has joined Wilson's orchestra at Boyes Springs. Mr. Marks has a large set of traps, chimes, etc., and is a drummer of wide experience.

As soon as the season is further advanced Mr. Wilson will augment his orchestra with a jazz cornet, clarinet and trombone player. They will join his orchestra by June 1st.

Mrs. Shepard has been attending a convention of the Grand Army women at Stockton.

Mr. and Mrs. Leslie McKinnon are the parents of another baby boy. This is the fourth child, the two boys having been born since Mr. McKinnon returned from overseas. Mrs. N. Dowdall, mother of Mrs. McKinnon, has been over to Concord caring for the family.

Mrs. Fred Schell was recent hostess to the Jolly Twelve.

Mrs. Will Helberg Jr. entertained the Flying Needles this week and all enjoyed a pleasant afternoon.

The Plaza restaurant has put on another cook and will open up at 7 a.m. and cater to the breakfast trade.

Press Davis has been making a visit at the Emparan home.

H. F Bates has a sale of boys' shoes at greatly reduced prices. See ad.

"EPH" WEISS, the expert opthalmic optometrist, will be in Sonoma at the Union hotel on June 2. Permanently located at 706 Larken St. San Francisco.

Notice of Time and Place for Proving Will

C. C. P., Sec. 1303

In the Superior Court in and for the County of Sonoma, State of California.

In the Matter of the Estate of Marcellin Vigne, deceased.

Notice is hereby given that Tuesday, the 31st day of May, A. D. 1921, at 10 o'clock a.m. of said day, and the court room of said Superior Court, in Department Two thereof, in the City Santa Rosa, County of Sonoma, State of California, is hereby fixed and appointed as the time and place for proving the Will of said Marcellin Vigne, deceased: and for the hearing by the Court of the application of Eugene Vigne for the issuance to him of Letters Testamentary thereon.

Dated May 10th, A. D. 1921.

(Seal) W. W. FELT, Jr., County Clerk.

By F. C. Thompson, Deputy Clerk.

Robert A. Poppe, Esq., Attorney for Petitioner.
